WATCH NOW

Vinsak Inkjet Systems are high-performance printing solutions designed to meet the demands of variable data printing, security printing, and packaging applications. These systems offer exceptional precision, speed, and flexibility, making them ideal for industries such as labels, packaging, commercial printing, and security documents.

Equipped with advanced drop-on-demand (DOD) Vinsak Inkjet Systems ensure high-resolution printing on a wide range of substrates, including paper, plastics, films, and foils. The systems support applications like numbering, barcoding, serialization, personalization, and brand protection.

TECHNICAL FEATURES

Print Head	Drop on Demand PZT
Printing Width	54 mm each module, can go up to 630 mm print width
Native Resolution	600 dpi
Speed	600x600 @75 m/min , 600x300@ 120 m/min
Gray Level	4 Gray level
Ink type	water base and UV base
Controller	VINSAK Controller for VDP
Input data format	CSV, Bmp, pdf.
In built VDP design software.
